About Me

I enjoy solving technology problems that help people stay productive. My background combines a Bachelor of Science in Information Technology, a CCNA certification, and hands-on experience supporting Windows computers, Microsoft 365, Wi-Fi, printers, email, and business applications. I communicate clearly with non-technical users and stay with a problem until it is resolved.

Technical Skills

- Windows 10/11 • Microsoft 365 • End User Support • Desktop Support
- TCP/IP • DNS • DHCP • Wi-Fi Troubleshooting
- Printer & Peripheral Support • Buildium
- Customer Support • Technical Documentation • Problem Solving
